# SIXTY8 ADVENTURE

### **RENTALS**

Should you wish to rent a vehicle including return transport and insurance, this is something we can help with.

### **VEHICLE SHIPPING**

Through our automotive logistics partner, we can arrange transportation of your vehicle anywhere in the world.

If it's for the starting grid or returning your car after the rally, we will fix it. Our partners are the best in the business and always use an enclosed trailer making sure your car is safe and secure from start to finish. Once loaded, your car will stay safely onboard until it reaches its end destination. Our door-to-door car transport is comprehensively insured for peace of mind.

# PRIVATE TRAVEL TO NORWAY

Our travel partner Anona can fly you to Norway from anywhere in the world and return you safely home after the fantastic Atlantic Road Trip.

Get in touch with us from private air travel pricing for groups or couples.
